

Live Education! Summer Seminar

Wednesday, July 26 – Sunday, July 30, 2017

Santa Cruz Waldorf School in Santa Cruz, CA

for Waldorf families, teachers, administrators & board members

Deepening Waldorf

Moving beyond method, on the other side of strategy . . . we meet something powerful, the source of imagination and creativity. How can we invite the invisible to penetrate our teaching, guide our decisions, enhance our relationships, and enliven our homes?

Join homeschooling parents, class teachers, school administrators, and board members, inspired by Waldorf education, in the final Live Education! Summer Seminar, once again hosted by the Santa Cruz Waldorf School, in beautiful Santa Cruz, CA. The ocean air and redwood forests will delight our senses as we contemplate these seminal questions..

A children's camp for participants' children ages 5-15 will take place Thursday through Sunday. For more information about the theme, to view the daily schedule, see faculty biographies and more, visit our website.
